

FUAD AHMED

Full-Stack Software Engineer · Flutter & Laravel Specialist

fuadahmedt@gmail.com | +251 925 278 350 | Addis Ababa, Ethiopia

Portfolio: fuad-portfolio-rose.vercel.app | GitHub: github.com/fuad745 | LinkedIn: linkedin.com/in/fuad-ahmed745

PROFESSIONAL PROFILE

Results-driven Computer Science graduate and Full-Stack Software Engineer with proven experience architecting cross-platform mobile apps in Flutter and high-performance backend systems in Laravel. Deep hands-on background engineering production solutions — ranging from crowdsourced geolocation platforms with OpenStreetMap to high-concurrency Telegram Mini Apps with atomic row-locking and integer-cent financial ledger math. Strong foundation in automated testing (25+ test suites), offline-first SQLite architectures, and low-level Android systems lifecycle. Bilingual in English and Amharic with working Oromiffa proficiency.

WORK EXPERIENCE

Full-Stack Software Engineer (Contract & Projects) · Independent Developer

Nov 2023 – Present

Addis Ababa, Ethiopia

- Architected and shipped Addis Condo Finder (Flutter + Laravel 13 + Filament): crowdsourced geolocation platform for mapping condominium blocks with offline caching, bounding-box queries, and multi-user consensus verification.
- Engineered LuckyDraw (Laravel 13 + Livewire 4 + Telegram Mini App): high-concurrency lottery engine with integer-cent financial ledger math, atomic row-locked transactions (lockForUpdate) to prevent double payouts, and Telebirr/CBE payment verification.
- Developed Money Manager (Flutter/Dart): an offline-first personal finance app with local SQLite persistence, biometric authentication, recurring bill tracking, and spending trend analytics.
- Engineered Android systems utilities & background infrastructure: built persistent Foreground Services, IPC interfaces, and battery-optimization bypass mechanisms for high-reliability mobile devices.
- Maintained rigorous code quality via automated testing suites (25+ feature, unit, and concurrency tests across backends) and zero-downtime deployment workflows.

Web Developer & UI Designer · Aduutech

Feb 2023 – Nov 2023

Addis Ababa, Ethiopia

- Designed and deployed responsive client-facing web applications and internal management systems using Laravel, PHP, and MySQL.
- Architected stock and inventory management workflows handling 1,000+ daily transactions with real-time order tracking and automated invoicing.
- Collaborated closely in an agile team, participating in peer code reviews, UI/UX iterations, and relational schema optimizations.

Database Designer (Intern) · Ministry of Revenue

Oct 2021 – Nov 2021

Addis Ababa, Ethiopia

- Designed normalized relational database schemas (MySQL) for a taxpayer agent management system.
- Coordinated with senior backend developers to guarantee data consistency, indexing integrity, and business constraint validation.

EDUCATION & CERTIFICATIONS

BSc in Computer Science · St. Mary's University, Addis Ababa

Graduated July 2022

Major GPA: 3.20 / 4.00 | Cumulative GPA: 3.04 / 4.00 | Medium of Instruction: English

Fundamentals of Capital Markets & Securities Analysis · Addis Ababa University

Sept 2024

50-hour intensive program: financial instruments, market structures, and valuation (School of Commerce).

Technical Certifications: Flutter with Firebase (Udemy, 2024) · JavaScript Ultimate Guide (Udemy, 2024) · Practical Git (Udemy, 2021)

TECHNICAL SKILLS

Mobile & Frontend: Flutter, Dart, Riverpod, Android Studio, Java/Kotlin, Material 3, Offline-First / SQLite, OpenStreetMap

Backend & APIs: Laravel (PHP 8+), RESTful APIs, Livewire, Filament, Sanctum Auth, Webhooks, Telegram Mini Apps

Databases & Systems: MySQL, SQLite (sqlite), Atomic Transactions (lockForUpdate), Integer-Cent Math, Android FGS / Services

Testing & DevOps: PHPUnit / Pest (25+ tests), Concurrency Testing, Git, GitHub, Linux / Bash, cPanel & Shared Hosting Deploy

CORE COMPETENCIES & LANGUAGES

End-to-End Product Ownership · Financial Transaction Integrity · Test-Driven Development · Problem Solving

English	Fluent (Professional Working Proficiency)
Amharic	Native
Oromiffa	Intermediate
