 - **Residential Address:** Addis Ababa, Ethiopia
 - **Mobile Phone:** +251 925 278 350
 - **Email:** fffuad1974@gmail.com
 - **Purpose of Travel:** Attending **BFUTR Global Tech Summit 2026** (November 19 – 20, 2026)
 - **Conference Venue:** The International Centre, 6900 Airport Road, Mississauga, ON L4V 1E8, Canada
 - **Host Organization:** Obsidi® by BPTN (Black Professionals in Tech Network)
 - **Registration Pass:** Official "Explore & Discover" Access Pass (\$0 Free Community Pass)
 - **Duration of Stay:** 5 Days (Arrival: November 18, 2026 | Departure: November 22, 2026)
-

Dear Visa Officer,

I am submitting this Letter of Explanation in support of my application for a Temporary Resident Visa (Visitor Visa – Business / Conference Attendee) to visit Mississauga (Greater Toronto Area), Ontario, Canada, from **November 18, 2026, to November 22, 2026**. The sole and exclusive purpose of my short visit is to participate in the **BFUTR Global Tech Summit 2026**, held on November 19–20, 2026, at The International Centre in Mississauga, ON.

As an ambitious young African software engineer currently serving as Senior Software & Systems Engineer / Technical Operations Lead at Aduutech in Addis Ababa, attending BFUTR represents an unmatched educational and professional opportunity to connect with global Black tech leaders, explore enterprise software advances, and participate in peer technical sessions.

Below, I provide a clear, factual overview of my conference registration, academic qualifications, employment in Ethiopia, travel itinerary, financial self-sufficiency, and unshakeable ties ensuring my prompt return home.

1. Genuine Purpose of Travel & Zero-Cost Conference Pass

BFUTR is North America's largest summit dedicated to empowering Black tech professionals, software

developers, and technology leaders.

- I have registered for the official **"Explore & Discover" Access Pass**, which provides free admission (\$0 CAD registration fee) to the summit's Innovation Marketplace, recruiter showcases, networking lounges, and tech exhibits.
 - The conference venue—**The International Centre**—is located directly adjacent to Toronto Pearson International Airport (YYZ) on Airport Road in Mississauga, allowing for an exceptionally efficient and cost-effective travel itinerary.
 - My participation is strictly educational and professional: engaging with international tech leaders, studying modern cloud-native architectures, and observing global software best practices.
-

2. Academic Rigor & Technical Credibility

My career in technology is grounded in formal computer science education and practical systems experience:

- **Bachelor of Science in Computer Science** from **St. Mary's University** (Addis Ababa), awarded July 21, 2022, with a **Cumulative GPA of 3.04/4.00** and a **Major GPA of 3.20/4.00**.
- Earned top marks in *Network and System Administration (A)*, *UNIX System Administration (A-)*, *Advanced Database Systems (A)*, *Advanced OOP (A+)*, and *Software Project Management (A)*.
- Completed Senior Projects I & II with **Grade A** and **Grade A+**.
- **Certificate in Fundamentals of Capital Markets & Securities Analysis** (50 Hours) from **Addis Ababa University – School of Commerce** (September 2024, Cert #43504).
- **Secondary Education:** High national ranking on the Ethiopian University Entrance Examination (NEAEA Score 343, Aptitude 80/100, Civics 87/100).

(Certified copies of degree certificates, transcripts, and credentials are fully indexed in the accompanying academic dossier).

3. Substantial Professional & Community Ties to Ethiopia

I possess deep, verifiable ties to Ethiopia that guarantee my immediate departure from Canada following the summit:

1. Permanent Full-Time Employment at Aduutech:

I am gainfully employed as **Senior Software & Systems Engineer / Technical Operations Lead** at **Aduutech** (Addis Ababa, Ethiopia), where I have worked since February 2023. I direct commercial software architecture and systems engineering. Aduutech management has granted me formal authorized leave from November 18 to November 22, 2026, on the explicit condition that I resume my engineering duties in Addis Ababa on Monday, November 23, 2026.

1. Two Years of Pro Bono Public Sector Community Service:

For the past two continuous years (2024–2026), I have volunteered as IT & Network Specialist for the **Kolfe Keranio Sub-City Administration (Woreda 07 Education Office)**, maintaining school computers and local networks *pro bono*. Enclosed is an official letter of recommendation and appreciation issued by the government

bureau, attesting to my indispensable civic service, character, and lasting roots in the local community.

1. **Prior Government Experience:**

Served as Database Designer Intern at the **Ethiopian Ministry of Revenue**, designing schemas for the national Taxpayer Agent System.

1. **Family & Social Ties:**

My entire immediate and extended family resides in Addis Ababa. I have strong social, familial, and property responsibilities in Ethiopia.

4. **Proposed Conference Travel Itinerary**

Date	Location	Scheduled Activities
November 18, 2026	Addis Ababa (ADD) → Toronto Pearson (YYZ)	Flight from Addis Ababa Bole Airport to Toronto Pearson (YYZ). Short shuttle transit to hotel near Airport Road, Mississauga; check-in.
November 19, 2026	The International Centre, Mississauga, ON	Day 1 of BFUTR Global Tech Summit : Badge pickup; explore Innovation Marketplace; attend tech exhibits and recruiter forums.
November 20, 2026	The International Centre, Mississauga, ON	Day 2 of BFUTR Global Tech Summit : Peer networking lounges; cloud & AI software showcases; summit closing events.
November 21, 2026	Mississauga, ON	Rest, debriefing, technical notes synthesis, packing.
November 22, 2026	Toronto Pearson (YYZ) → Addis Ababa (ADD)	Hotel check-out; transit to Toronto Pearson Airport; return flight to Addis Ababa, Ethiopia.
November 23, 2026	Addis Ababa, Ethiopia	Arrival in Ethiopia; resume full-time software engineering and systems leadership at Aduutech.

5. **Highly Realistic & Affordable Travel Budget**

Because the **Explore & Discover Access Pass costs \$0 CAD**, and because The International Centre is in Mississauga immediately adjacent to Toronto Pearson Airport (eliminating expensive downtown travel), the financial requirements for this trip are modest and fully manageable:

- Round-trip international airfare (ADD-YYZ): ~\$1,450 USD
- Hotel accommodation in Mississauga near Airport Rd (4 nights @ ~\$100/night): ~\$400 USD
- Conference Registration Pass: **\$0 USD (Free "Explore & Discover" Pass)**
- Local transit, meals, and incidental contingency: ~\$350 USD
- **Total Estimated Budget: ~\$2,200 USD**

My enclosed commercial bank account statements confirm liquid savings substantially exceeding this budget. I am completely self-funding this short trip and will not seek any employment or public assistance in Canada.

6. Document Checklist

- Valid Ethiopian Passport copy.
 - BFUTR 2026 Registration Confirmation & Visa Support Letter Request.
 - Certified Educational Credentials Dossier (B.Sc. Degree, Transcripts, AAU Certificate).
 - Technical CV & Statement of Purpose.
 - Official Employer Letter and Approved Leave from Aduutech.
 - Official Recommendation Letter from Kolfe Keranio Sub-City Administration (Woreda 07 Education Office).
 - Stamped 6-Month Bank Statements demonstrating financial solvency.
 - Flight reservation and hotel booking confirmation in Mississauga, ON.
-

7. Applicant's Solemn Declaration

I solemnly declare that:

1. I will strictly respect the conditions of my Canadian Temporary Resident Visa.
2. I will not engage in unauthorized employment or study in Canada.
3. I will depart Canada on November 22, 2026, upon the conclusion of BFUTR, and return directly to Ethiopia to continue my employment at Aduutech and community service in Kolfe Keranio.

Thank you for your fair consideration of my application.

Respectfully submitted,

Fuad Ahmed Tuba, B.Sc.

Senior Software & Systems Engineer | Aduutech

Addis Ababa, Ethiopia
